

6
country

The Country 6 produces a stunning 6kW of heat. Being the next step up within the Country collection it features large, twin angled doors to optimise the view of the fire which, when desired, can be folded back against the stove so as to enjoy an open fire. The Country 6 has a robust construction featuring a brick lined fire box with the ability to burn 380mm (15") logs.

The Country 6 produces a stunning 6kW of heat. Being the next step up within the Country collection it features large, twin angled doors to optimise the view of the fire which, when desired, can be folded back against the stove so as to enjoy an open fire. The Country 6 has a robust construction featuring a brick lined fire box with the ability to burn 380mm (15") logs.

The detachable tool handle that operates the doors ensures maximum safety. Once again it has the option of a reciprocating grate and a small back-boiler to provide domestic hot water or to heat around two radiators. This model also comes with the option of a clip-on shelf as well as a slide-on canopy for a very different look altogether. Yet again the stove is finished with touches of solid brass and is available in a choice of eight shades of colour (see page 56).
